

4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

- There are different digital technological facilities available in the college Keeping in mind the importance of ICT, e- learning environment is created in the classroom with well-equipped LCD projectors, audiovisual facilities and various ICT tools in addition to regular methods of teaching.
- The Institute campus is Wi-Fi enabled so that teachers and students can freely access the internet
- The Institute has 04- smart classrooms, 02-smart lab and 01-digitally equipped conference hall and 02- digitally equipped laboratories. LCD projectors setup in various classrooms.
- A well equipped computer lab is also functioning in the college. The students of the college are access to the computer lab.
- All faculties are using tools like Zoom, google meet , google classroom, blogs websites, and live lectures on YouTube.
- Most of the official work is being done with the help of ICT. The college regularly maintains the IT facilities.
- Faculties also deliver their lectures using laptops, for effective teaching and learning process. The different educational sites are shown to the students with the help of digital device and e-platform.
- The Institute has regular subscribers and has been subscribing to NLIST from 2016. Teachers and students are registered on N-LIST having access to e-books and e-journals.
- A WhatsApp group of every class and subject is formed for better communication.

Here some Facilities for e-content development are available
