ACTION TAKEN REPORT

SR.NO.	FEEDBACK	ACTION TAKEN
1.	Electives offered to the trainee teachers should be enriched	The students were encouraged by the faculties to take up more electives for educational advancements by conducting lectures and creating awareness. The students were also stimulated to apply for the online web based MOOC courses like on SWAYAM.
2.	Text Books/Reference Books of the course should be improved	Newer and advanced reference books have been suggested to the students along web based articles, eBooks, etc.
3.	Evaluation process for trainee teachers should be more inclusive	In the evaluation process objective questions were emphasized more than the subjective ones.
4.	Inclusion of more Co-curricular activities in the syllabus.	Due to COVID 19 pandemic most of the sessions in the academic year were conducted online. Therefore different types of Co-curricular activities were conducted in online mode
5.	Improvement in knowledge of teaching skills	Various activities and lectures were conducted on content enrichment related to teaching skills.
6.	Improvement in assistance provided by the trainee teachers in day today teaching activities in schools.	Online counselling session were conducted which emphasized on the proper conduct and behavior of the trainee teachers in schools. Written SOPs were created for the internship program

		regarding conduct and behavior of the trainee teachers in schools.
7.	Communication skill development	Various activities and workshops were conducted for enhancement
